

A TEAM ADVENTURE LIKE NO OTHER...

"The perfect cross between an escape room and a food walking tour"

Expect a combination of solving riddles and discovering delicious secret food items in the city, whilst driving some 'healthy' competition as your teams compete for the fastest time! It's a unique outdoor adventure with some surprises along the way, until finally finishing in a social setting with no doubt a high energy, post-maze debrief!

HOW IT WORKS FOR GROUP BOOKINGS

Arrive at the maze start location...

- Divide your group into smaller teams (max 6 people).
- Instructions will be sent to each team which will set up WhatsApp to launch the game.
- Each team must stagger their start time by 10 mins.
- The start location is a pub, so there is time for a drink while each team wait to begin the maze.

Solve riddles & decipher codes

- Work in your team to use the surroundings to solve riddles, leading you to 3 restaurant stops across the city.
- The maze is timed, but will be paused for you to enjoy the delicious treats at each food stop.

Milestones found on the maze...

- At each restaurant you will unlock a secret dish.
- Depending on the maze, dishes are made to eat on the street or seating is provided.
- The final stop is a social location to continue the evening, with additional food and drinks available to purchase.

ADDITIONAL INFORMATION

- Group sizes can range from 6 - 50 people.
- All food is included in the ticket price.
- To secure the date, there is a non-refundable deposit which will be taken off your total payment.
- If cancelled or rescheduled after 5pm the day before the maze booking 50% of the full amount will be forfeit.
